**Sub: Setting up of Scanning Center/Warehouse and identifying CAF owners in CACMS Project – reg.  
Ref: ITPC/CDR Project/CACMS/2016-17/36 dtd. at Pune, the 22<sup>nd</sup> Dec., 2016.**

**Respected Sir,**

As per the letter under reference, instructions are issued for centralized storing of CAF for mobile connections at Circle level in two locations. It was also directed to commission 10 MB link from all SSAs to the centralized warehouse and each SSA has to nominate particular officers as (1) SSA CAF Owner, (2) Point of Origin of CAF Owner. In the present scenario of using e-KYC for mobile connection linking to Aadhar card for new activations as well as to all existing connections it is opioned the above procedure involving much resources both on capital as well as on man power will be mere waste. It is suggested to revisit the above proposal and make all out effort for linking Aadhar card to the existing as well as all new connections for fool proof CAF. It is also requested to take up the case with BSNL corporate office for necessary action for using e-KYC for land phone connections as well as for mobile connection for customers from outside LSA.

**Sincerely Yours**

**T Santhosh Kumar  
Circle Secretary  
SNEA, Kerala Circle.**
