**Sub: Black out to information – Denial of access to BSNL Kerala Intranet**

**Respected Sir,**

It is really disappointing to the officers and staff of BSNL Kerala circle- the excellent performing Circle- which we believe the work culture has a definite say in the decision of Circle Administration to declare a black out to its Officers and staff from the knowledge and information by curtailing the access to Kerala Circle intranet .

While it is high time the management should try to spread information and knowledge among its employees it is decided in the other way in the circle. Perhaps the Administration may point out some other Circle which had already resorted to such draconian policies, we are afraid whether the Circle administration will instruct us to follow the same work culture as far as output is concerned.

Before instructing the officers and employees to open **Facebook and Twitter** account, those sitting at the helm of affairs must have minimum knowledge about the current real situation. In most SSAs, the social media like facebook and twitter etc is blocked in the LAN. Employees and officers are not provided with broad band connections. In the Era of Giga Bytes, the service mobile connection provided to officers can access to 500MB DATA in a month. It is pertinent to note that today one GB data cost only 5 Rupees.

We don't want to say more on this. We urge upon the Administration to restore the access to Kerala Intranet and not to divert the attention of the officers and staff in this crucial juncture as far as BSNL viability is concerned.

**Sincerely Yours**

**T Santhosh Kumar  
Circle Secretary  
SNEA, Kerala Circle.**
