To

The Chief General Manager,  
Core Network Tx South  
Chennai

Sir,

**Sub: Issues needs immediate attention & resolution in Kerala CN TX –  
req:**

**1. Time bound promotion of Executives :**

The first time bound promotion of 2017 joined JTOs in CN TX Kerala are long pending. Two months back ,We met former CGM Sri.Muneendranath sir also in this regard .It was assured by CGM that order will be issued within 2 to 3 weeks . However it is not yet materialized so far. At the same time their batch mates working in Kerala circle already received time bound promotion.So please take speedy action in this regard

**2. Looking After arrangements in various Executive cadre :-** In entire BSNL ,throughout India , Looking After orders to various executive cadre are being issued to meet the shortages especially after BSNL VRS-2019 .But in Kerala SDE to DE looking after arrangements are not done so far after VRS . The vacant DE posts are being managed through additional charge .Where as other states under CN TX Chennai , LA orders are being issued time to time .So we request you to kindly call for option to look after vacant DE posts in Kerala

Very recently options are called for Looking after arrangements in vacant DGM posts under CN TX (South) . However in available DGM posts ,Chennai and Bangalore DGM vacancies are not shown .These places ,Comparatively juniors are posted as LA DGM and seniors are working under them .So it is requested that These 4 DGM Vacancies may also be included so that senior most DEs can opt and work as DGM

**3. Poor Battery back up in CSR building Ernakulam :-** In CSR Ernakulam building ,apart from CN TX transmission stations , Two IP Taxes ,NIB and Telephone exchange are working . The total load of the power plant is 1600A . Two sets of 4000AH battery is connected to each power plant . One set is already life

expired and the other set will get expire on 2023 March . The backup of battery set is less than 3 minutes . So please do needful to get the new battery sets at the earliest.

4. **NH-66 widening work across Kerala** : From North end to south end Kerala, NH-66 widening work is vigorously progressing . Many places our cables are being damaged. To replace/shifling the existing cable ,Kerala needs more store item like PLB pipe ,24/48F OF cables ,Joint closure etc .
