**THE OPEN SESSION**

**9<sup>th</sup> November 2018  
Friday, 2.00 pm**

**Hotel Highway Gardens  
ERNAKULAM**

**UNITE, STRUGGLE, REVIVE, SURVIVE**

SNEA, Sanchar Nigam Executives' association, the only recognized Executive's association in BSNL, always had a history of innovations. Leaders don't do different things, but do things differently. Yes SNEA believed in doing things differently and always visioned years ahead. What we enjoy today as an officer in BSNL and in the society, indeed is the result of what leaders of this mighty organization had foreseen in the past.

This Association never restricted its area of operation to monetary benefit, pay, perk or cadre up gradation alone, but always strived for the betterment of BSNL. At times, when management lost its vision, we stood as a corrective force, to drive in the right direction even struggling against MNCs and when government policies hampered the growth of BSNL. When calamities disrupted the communication services, SNEA Members were always in the fore front to lead the restoration move as we have witnessed in Chennai and Kashmir Floods, Calamities in Odisha, and Latest Flood in Kerala.

Now SNEA Kerala is conducting its XXIV<sup>th</sup> Circle Conference in Emakulam from 8-11-2018 to 10-11-2018 at a time when are passing through troubled waters, facing many challenges due to the unethical competition in the communication Sector. With a view to explore new horizons in the communication scenario to a United struggle for Revival and Survival of BSNL, SNEA Kerala has arranged an **OPEN SESSION**, a brain storming session in connection with the Circle Conference on **Friday, 09-11-2018 at 2.00 PM**. The open session is organized with the participation of BSNL Management, Trade union Leaders, and Circle leaders of various associations in BSNL. **Sri M.B. Rajesh**, Hon. Member of Parliament has kindly consented to inaugurate the Open Session.

We members of SNEA Kerala, Cordially invite you to participate and contribute innovative ideas for the revival of BSNL, the only Telecom PSU, the dream and hope of India for the best and reliable communication facilities at affordable rates.
